**SATW Directory Committee**

**Description and mission** -

- The SATW Directory committee is responsible for the on-time publication of the annual Membership Directory.

- The chair and committee members work with headquarters and the publisher to ensure accuracy throughout the directory while keeping to a schedule that allows SATW to provide the directory to all members in a timely manner.

- Production of the directory cannot begin until membership renewal closes every year. The schedule calls for the committee to provide the copy for the front of the directory to the publisher by mid-January. Proofreading is accomplished in early to mid-February.
