### Levels of Demand

The levels of physical demand are medium. The hikes are on uneven terrain and may be muddy. They are not long (maximum 4km). The rafting is of 1 to 3 rapids of difficulty, they are OK for beginners, but it is required to know how to swim and total functioning of all the extremities.

### Accommodation

The two nights of accommodation are in different places. The first is in a homestay in San Vicente, with private rooms with bathroom. The second night is in the community. Here the accommodation is in dormitories. Depending on the date, up to 4 private rooms with shared bathroom may be available.

### Flights

Flights Bogotá - Florencia - Bogotá are included. If traveling from another destination or to another final destination, there will be an additional cost depending on the destination.

### In transit services

We can provide in-transit accommodation and transport for an additional cost.
